

BRM AVIATION

AERONAUTICAL SERVICES

TRAINING

As promoters and managers of pilot schools, in BRM Aviation we look for the best solution for pilot training in Spain.

International airlines can find in Spain the best training of their cadets, with European licenses, good weather, airports specialized in training, and quality schools with modern fleets.

Both for groups and individual training, BRM Aviation handles all the needed steps, from cadet's selection until the obtaining of the European license, and the license conversion to the one of the origin country.

BRM Aviation supplies the following services:

- Selection of applicants
- Making selection tests (including English test)
- Selecting training centers
- Request visas
- Recruitment and enrollment
- Accommodation in Spain
- Monitoring and control of the course
- Licensing
- Approval of licenses

Airplane and Helicopter Training:

- ATPL(A), CPL(A), IR(A), PPL(A)
- ATPL(H), CPL(H), IR(H), PPL(H)
- Flight Instructor FI
- Type rating
